Ann,

Attached is the tribal consultation letter for 404G, which the program (as outlined below) would like to have out the door by Monday, Oct 22 (the start date for tribal consultation). This letter has been approved by Karen G and OWOW mgmt.

The program has also drafted a letter from Dave to go to the state commissioners but that is still undergoing mgmt review.

It would be ideal to give Dave both letters at the same time to review. Because the program is under a bit of a time crunch on the tribal consult side, is it possible to give Dave the tribal letter now to review, and play catch up with the other state commissioner letter? If desired, we can provide a draft of the that state commissioner letter for reference. We defer to you!

Hi Allison,

Happy Friday! ☺ Please see attached for the latest draft of the 404g tribal consultation letter for review; it has already been reviewed by Mindy and John. We are hoping to have the letter signed/out the door for October 22nd, so that we can initiate consultation prior to the NCAI meeting.

Thanks!
Lauren
